25X1

1. There is a Rumanian Air School at Focsani where personnel are trained for six months in single engine Polish planes. After the training they return to their jobs and are placed on a reserve status. About one hundred and fifty men are trained each six months period.
2. There are about three hundred Soviet fighter planes at the Focsani airfield.
3. A Rumanian infantry regiment and a school for political and Party education is located at Breaza, 50 kilometers from Ploesti. The training period at the school is four months. All new second lieutenants are required to attend this school.
4. A former Rumanian Army General Toulia [redacted] Apostle Kamarinas that the Rumanian Government recruited the most educated and skilled youths between the ages of 19 and 20 in December 1950. Reservists of the older age groups are being recruited and sent to Banat, and from there to the Yugoslav frontier.
5. There is a large underground chemical and explosive factory at the village of Ucea*, on the Fagaras-Sibiu railroad line. This factory was built by the Germans during World War II.
6. Some electric power plants are located as follows:
 - a. There is an electric power plant in the Canara district, eight kilometers outside Constanta. The plant has machinery with a total power of 12,000 horsepower and three generators (one of 500 horsepower, and two of 3,500 horsepower each). It generates 6,000 kilowatts per hour and supplies Constanta and the Danube-Black Sea Canal with electric power. The plant is 40 meters long, 30 meters wide, and 20 meters high. It has an underground oil deposit.
 - b. There is an electric power plant at Comanesti, eight kilometers from Darmanesti. It supplies power to Moinesti, Asau, Darmanesti, and to

the local mines.

7. A large oil refinery was constructed four kilometers from the Darmanesti railroad station. It produces 120 to 150 carloads of oil daily. The oil for this refinery is brought by pipeline from the areas of Poinesti and Zemes (sic). Four new oil wells are being opened in the Targu Ocna area. The machinery for drilling was imported from the Soviet Union.
8. The Soviets have installed radar equipment at Reni to check the course of civilian and military aircraft flying over the Reni area.
9. There are 4,000 Soviet troops located in the barracks of 19 and 32 Rumanian Regiments in Floesti. Soviet officers live in about twenty villas on the main road between the war memorial and the railroad station of Floesti.
10. The floating dock at Braila was moved by the Soviets in December 1950 to Bessarabia.

Comment: There is a Ucea de Sus and a Ucea de Jos near Brasov.
